Since 2008 to around ~2016 I designed few hundred houses and apartment blocks from personal interest (artistic hobby / training) as well as for various customers all over the world. Designing buildings for other customers turned a bad experience and I earned so little money that made me to retire from architecture and focus on my other business.

Architecture – Apartment models designed by me - Tealida

Apartment buildings are multi-story buildings where three or more residences are contained within one structure. Such a building may be called an apartment building, apartment complex, flat complex, block of flats, tower block, high-rise or, occasionally, mansion block (in British English), especially if it consists of many apartments for rent. A high-rise apartment building is commonly ...

History. Prefabrication was pioneered in the Netherlands following World War I, based on construction methods developed in the United States. The first German use of plattenbau construction is what is now known as the Splanemann-Siedlung in Berlin's Lichtenberg district, constructed in 1926–1930. These two- and three-storey apartment houses were assembled of locally cast slabs, inspired by ...

From a child play in AutoCAD to architecture business! I started designing buildings in 2008, –Tealida’s Virtual City–, originally a hobby of graphic design and 3D modeling in AutoCAD, but a fully functional housing system (virtual city – because I do not have capital to build what I design). Dozens apartment block models, constantly improved, imagining being president of a country or ...
