Every minute, some 15 children die around the world, from poverty, easily preventable diseases, illnesses, and related causes. This rarely makes the headline news that one might expect such a tragedy to do.

## **Today, around 21,000 children died around the world**

In demographics, the world population is the total number of humans currently living, and was estimated to have reached 7.7 billion people as of November 2018. It took over 200,000 years of human history for the world's population to reach 1 billion; and only 200 years more to reach 7 billion.. World population has experienced continuous growth since the end of the Great Famine of 1315–1317 ...
