The Workers Party leads the work of popularizing and elaborating the short-term and long-term program of the working class, taking this program to all sections of the class, as well as to the middle stratum in order to rally it under the leadership of the working class. Elaborating and popularizing the program of the working class involves intensive and extensive theoretical and ideological work.

Building construction occupations. Erecting any building is a complex task, and green buildings are no different. Experienced construction workers without a lot of green knowledge might have to learn how to perform tasks in new or different ways.

Careers in Green Construction : U.S. Bureau of Labor

Hazard: When scaffolds are not erected or used properly, fall hazards can occur. About 2.3 million construction workers frequently work on scaffolds. Protecting these workers from scaffold-related accidents would prevent an estimated 4,500 injuries and 50 fatalities each year.
