It is powered by their responses to the test and provides personalized information that helps students take their next steps toward college.

Cascades High School – (01M650) New York City Department

The geometric algebra (GA) of a vector space is an algebra over a field, noted for its multiplication operation called the geometric product on a space of elements called multivectors, which is a superset of both the scalars and the vector space. Mathematically, a geometric algebra may be defined as the Clifford algebra of a vector space with a quadratic form.

Geometric algebra - Wikipedia

In contemporary education, mathematics education is the practice of teaching and learning mathematics, along with the associated scholarly research.. Researchers in mathematics education are primarily concerned with the tools, methods and approaches that facilitate practice or the study of practice; however, mathematics education research, known on the continent of Europe as the didactics or ...
