Computer Networking 101 (HH â€“ rev1) Page 4 This kind of network is simple to configure and relatively inexpensive. Most home networks are peer-to-peer configurations. The figure below is an example of a peer-to-peer network. Server-based Network In a server-based network (or client-server network) there are providers of resources (servers) and

Computer Networking 101 - chestercountylibrary

How Networks Work will give you a thorough, detailed explanation of the inner-workings of network systems without getting you caught up in network jargon. Learn the basic principles of networking and how those principles work inside pieces of network equipment.
