And by this must be understood, not a collection of general observations respecting it, suggested by the ... system of ideas, but an uncorrupted transcript of their intellectual and moral habitudes.

### **Introduction to the Philosophy of History - Sophia Project**

Systems philosophy is a discipline aimed at constructing a new philosophy by using systems concepts. The discipline was first described by Ervin Laszlo in his 1972 book Introduction to Systems Philosophy: Toward a New Paradigm of Contemporary Thought. It has been described as the "reorientation of thought and world view ensuing from the introduction of "systems" as a new scientific paradigm".
