The Economic Impact Air Service Liberalization - InterVISTAS

Open skies is an international policy concept that calls for the liberalization of the rules and regulations of the international aviation industry—especially commercial aviation—in order to create a free-market environment for the airline industry. Its primary objectives are: to liberalize the rules for international aviation markets and minimize government intervention as it applies to ...

Cabotage (/ ˈk ɑː b ɒ t ɪ dʒ /) is the transport of goods or passengers between two places in the same country by a transport operator from another country. It originally applied to shipping along coastal routes, port to port, but now applies to aviation, railways, and road transport as well.. Cabotage rights are the right of a company from one country to trade in another country.
