This cutting guide is much better than I expected it to be. I would definitely recommend purchasing this with the Dremel Saw-Max. In the long run, you will get more from your saw because it allows you make several different straight or diagonal cuts in wood with the tool you may not be able to make without it.

An ion (/ ˈiː.ən, -ˈiː.ən /) is an atom or molecule that has a non-zero net electrical charge. Since the charge of the electron (considered "negative" by convention) is equal and opposite to that of the proton (considered "positive" by convention), the net charge of an ion is non-zero due to its total number of electrons being unequal to its total number of protons.

Many conditions affect the human integumentary system—the organ system covering the entire surface of the body and composed of skin, hair, nails, and related muscle and glands. The major function of this system is as a barrier against the external environment. The skin weighs an average of four kilograms, covers an area of two square meters, and is made of three distinct layers: the ...
