History Before the Second World War. The term "social geography" (or rather "géographie sociale") originates from France, where it was used both by geographer Elisée Reclus and by sociologists of the Le Play School, perhaps independently from each other. In fact, the first proven occurrence of the term derives from a review of Reclus' Nouvelle géographie universelle from 1884, written by ...

**Social geography - Wikipedia**

Physical geography (also known as geosystems or physiography) is one of the two major sub-fields of geography. Physical geography is the branch of natural science which deals with the study of processes and patterns in the natural environment like the atmosphere, hydrosphere, biosphere, and geosphere, as opposed to the cultural or built environment, the domain of human geography
