Description. In an accessible and thoughtful manner, this anthology--an update of Social and Political Theory: Classical Readings (1998)--introduces students to the key classic texts in social thought. In the second edition, Michael Kimmel focuses more specifically on the discipline of sociology, rather than melding classical sociological and political theories in one volume.

ISBN 9780078026843 - Readings in Social Theory 7th Edition

Social learning theory is a theory that attempts to explain socialization and its effect on the development of the self. It looks at the individual learning process, the formation of self, and the influence of society in socializing individuals. Social learning theory is commonly used by sociologists to explain deviance and crime.

For nearly a quarter-century, Charles Lemert has shared his love of social theory, and the questions it explores, in this collection of readings. With 140 selections that begin in the nineteenth century and end in 2015, "Social Theory" charts the long arc of the development of the field.

Social Theory: The Multicultural, Global, and Classic

Sociocultural theory or "cultural-historical psychology" is a theory of the development of higher mental practices which regards social interaction as the core of communication and learning process. Its origin is derived from the sociological and economic writings of Marx and Engels in eighteenth-and nineteenth century.
