

the sausage making cookbook pdf

The origins of meat preservation are lost to the ages but probably began when humans began to realize the preservative value of salt. Sausage making originally developed as a means to preserve and transport meat. Primitive societies learned that dried berries and spices could be added to dried meat.

Sausage making - Wikipedia

Sausage making is an outcome of efficient butchery. Traditionally, sausage makers would salt various tissues and organs such as scraps, organ meats, blood, and fat to help preserve them. They would then stuff them into tubular casings made from the cleaned intestines of the animal, producing the characteristic cylindrical shape.
